### ► My work:

Emma Rothery · Web and Graphic Designer - Design and development of my portfolio. WordPress driven.  
[www.emmarothery.co.uk](http://www.emmarothery.co.uk)

Radio Society - Fictional college project created in order to teach myself PHP and MySQL. I built a database driven website, including a contact form, image uploader and password protected areas with access to update and delete content  
[ppd3.emmarothery.co.uk/php](http://ppd3.emmarothery.co.uk/php)

The Hepworth Wakefield - College redesign project. There were strict brand guidelines to adhere to and was my first experience of building of a Wordpress theme.  
[wd2.emmarothery.co.uk](http://wd2.emmarothery.co.uk)

I have also completed a variety of creative print design briefs including CD art work, bottle labels and corporate identity. I have experience in producing and adhering to brand guidelines and knowledge of producing print ready material.

### ► Other experience:

Acted as project manager for a team of 10 whilst we completed commercial projects leading up to the end of the FdA Web Design course. Tasks included meeting clients for scoping meetings, delegation of work, producing documentation and maintaining effective communication with all.

Presentations have been an integral part of my learning, meaning I am experienced in meeting clients and presenting to others.
